Committee Work

The core values of the National Junior Honor Society are scholarship, leadership, service, citizenship, and character. Each member will sign-up to work on a committee to challenge and expand the core values of the organization. Volunteer hours for committee work will count towards service hour requirements.

The committees to consider joining include but are not limited to:

- Junior Best Buddies- a program that unites students from the National Junior Honor Society with our Special Needs Students.
- Audio Recordings- members recorded chapters of a textbook or story into Audacity software to be burned as CD's for special needs students.
- Service Committee-organize service opportunities for the members. Activities may include library helpers, district office helpers, and the Ronald McDonald House. Global Youth service project is included within this committee.
- Cultural Committee-develop and organize an activity to celebrate WMS diversity.
