***“Don’t limit a child to your own learning,
for he was born in another time.”***

-Rabbinical saying

In an inquiry-based learning environment, the teacher's job is not to provide knowledge but to help students along their process of discovering knowledge.

Introduction

Vision

Westchester Public School District 92½, will provide every student with a well-rounded education empowering them to become the next generation of critical thinkers who will lead their communities.

Mission

Westchester Public School District 92½ , will apply inquiry-based strategies within the curriculum and foster a culturally responsive, caring and safe environment that addresses the instructional needs of all students while developing leadership skills and opportunities.

Inquiry Based Learning Projects

What is IBL?

- **A framework for teaching leading to students who:**
 - are responsible
 - are resourceful
 - are persistent critical thinkers who know how to learn
 - know how to work well with others
 - are problem solvers
 - communicate well
 - manage time and work effectively
 - are open to possible failure at times
 - can weigh sources for importance and credibility
 - are open to and utilizes critical feedback

Inquiry-based learning - 21st Century learning

What is 21st Century Learning?

Inquiry-based Learning

Culturally Responsive Teaching and Learning

CULTURAL RESPONSIVENESS DEPENDS ON EXAMINING:

- The prior experiences, backgrounds and cultural norms of our students;
- Ways to understand and use students' experiences as important and highly valuable resources;
- How students from diverse backgrounds learn best;
- How our own experiences, backgrounds and cultural norms (in and out of the classroom) influence or impact our work with youth.

Professional Development

Professional Development

District-wide professional development

- Inquiry-based Learning
- Culturally Responsive Teaching and Learning
- Fountas and Pinnell Reading Assessment Training and Implementation

Building based professional development

- Faculty meetings - PD designed based on building needs by Principal and Specialists
- Professional Learning Teams - identify particular instructional needs and determine their team's PD - professional reading, websites, webinars, blogs
- Instructional Coaches (Specialists) - provide individual PD or small group PD dependent on identified needs

Individualized Professional Development

- Out of district Conferences and Independent Professional Development

Professional Development

District-Wide

- **Partnership with Mindquest 21/Illinois Consortium for 21st Century Schools**
 - **Gradual Release of Responsibility Model**
 - **Year 3 - Specialists provide instructional coaching support for teachers/teams & new staff trained through Mindquest 21**
 - **Application 2017**
 - **Year 4 + - Specialists conduct all IBL training for new hires and continue coaching**
- **Institute Days in October and November - offered a menu of choices for staff to attend**

Curriculum 2016-17

Where are we? What will the future look like?

- Current curriculum maps for ELA, Math, Science, and Technology
 - Access through google docs
- Create a curriculum renewal cycle for all areas
 - Curriculum = maps
 - Resources = books, etc.

Curriculum 2016-17 ~ Continued

- March - Math Curriculum Committee K-8
 - Pedagogy review of best practices
 - Looking over possible pilot materials
 - Possible purchase for 2017-18
 - PD for implementation 2017-18
- Science at Middle School
 - Pedagogy review and school visits
 - PD through West 40 for new standards
 - Looking at materials for MS and purchase for 2017-18

English/ Language Arts

Essential Questions ×	Standards	Content ×	Skills ×	Assessments ×	Culturally Relevant Strategies ×
<p>How do I prove I understand what I read?</p>	<p>RI.3.1 - Ask and answer questions to demonstrate understanding of a text, referring explicitly to the text as the basis for the answers.</p> <p>RI.3.2 - Determine the main idea of a text; recount the key details and explain how they support the main idea.</p> <p>RL.3.10 - By the end of the year, read and comprehend literature, including stories, dramas, and poetry, at the high end of the grades 2–3 text complexity band independently and proficiently.</p>	<p>background knowledge, summarize, inference, characters, character traits, character actions, text evidence, illustrations, text features, details, stanza, scene, chapter, dramas, genres, characteristics, main idea, key events, search tools (sidebars, hyperlinks...)</p>	<p>recount/retell, identify, ask and answer questions, describe character traits, locate evidence, sequence, explain, refer, write, speak, determine, demonstrate</p>	<p>Conferencing, Checklists, Rubrics (Analytical/Holistic), AimsWeb, Fountas & Pinnell, Running Records, Writing Responses, Exit Slips, Self-Assessments, Turn and Talk, Graphic Organizer, Reflection, Portfolio, MAP data, Informal Observations, Anecdotal Notes, IBL, Small Groups, Quick Checks, Journal Writing, Formal Assessment</p> <p>9/30/2016</p>	<p>Think-Pair-Share, Turn and Talk, Student Notebooks, Journal Entries, Portfolios, Literature Circles, Book Clubs, Cooperative Learning, Diverse Reading Materials, Reader's Theater, Book Buddies</p>

Math

Essential Questions	Standards	Content	Skills	Vocabulary	Assessments	Culturally Relevant Strategies
<p>What real-life situations require the use of multiplication or division?</p> <p>How does the position of a digit in a number affect its value, and how can the values of digits be used to compare two numbers?</p> <p>How are the factors of a number determined?</p>	<p>4.OA.A.1 - Use the four operations with whole numbers to solve problems ~ Interpret a multiplication equation as a comparison, e.g., interpret $35 = 5 \times 7$ as a statement that 35 is 5 times as many as 7 and 7 times as many as 5. Represent verbal statements of multiplicative comparisons as multiplication equations.</p> <p>4.OA.A.2 - Use the four operations with whole numbers to solve problems ~ Multiply or divide to solve word problems involving multiplicative comparison, e.g., by using drawings and equations with a symbol for the unknown number to represent the problem, distinguishing multiplicative comparison from additive comparison.1</p>	<p>Flexible methods of computation involve grouping numbers in strategic ways.</p> <p>Multiplication equations can show comparisons.</p> <p>When to apply single equations or more than one equation using manipulatives, and/or diagrams to represent multiplicative comparison.</p>	<p>Translate comparative situations into drawings and equations with a symbol for the unknown and unknowns in all 3 locations.</p> <p>Solve word problems involving multiplicative comparison using drawings and equations with a symbol for the unknown number and unknowns in all 3 locations.</p>	<p>multiplicative comparison</p> <p>additive comparison</p> <p>standard form</p> <p>written form</p> <p>expanded form</p> <p>factor</p>	<p>Informal and Formal assessments focusing on multiplication and division concepts. ISBE links: http://www.livebinders.com/play/play?ld=953710 (click on 4th grade / Unit 1 Multiplication and Division Concepts/ Assessments</p> <p>9/30/2015</p>	<p>Have students write multiplication and division sentences relating to their own family unit. Include grandparents and extended family who may not live in the same home. Incorporate cultural aspects to include Include as well. Incorporate technology by having them do a Google presentation to the class.</p>

Technology Curriculum Map

Essential Questions	NETS - Standard	Skills	Assessments	I R M	Vocabulary
1. Creativity & Innovation Students demonstrate creative thinking, construct knowledge, and develop innovative products and processes using technology.	a. Apply existing knowledge to generate new ideas, products, or processes.	Mastery of tools in Microsoft Office Suite (Word, Excel, PowerPoint, Publisher) ***Set specific skills/tools at a later date Mastery of tools in Google Apps for Education (GAPE) (P.E.) Portfolio skills: Ability to recognize "best work", and build a portfolio using technology. The student will be able to compose a unique cloud presentation that reflects the students' best work in art through a self-reflective process. Ability to create and insert tables, charts, and graphs Website design: coding			
	b. Create original works as a means of personal or group expression.	Mastery of tools in Microsoft Office Suite (Word, Excel, PowerPoint, Publisher) Mastery of tools in Google Apps for Education (GAPE) (P.E.) Portfolio skills: Ability to recognize "best work", and build a portfolio using technology. The student will be able to compose a unique cloud presentation that reflects the students' best work in art through a self-reflective process. Ability to create and insert tables, charts, and graphs Website design: coding			
	c. Use models and simulations to explore complex systems and issues.	Portfolio skills: Ability to recognize "best work", and build a portfolio using technology. The student will be able to compose a unique cloud presentation that reflects the students' best work in art through a self-reflective process. Website design: coding			
	d. Identify trends and forecast possibilities.	Portfolio skills: Ability to recognize "best work", and build a portfolio using technology. The student will be able to compose a unique cloud presentation that reflects the students' best work in art through a self-reflective process. Coding			
2. Communication and collaboration Students use digital media and environments to communicate and work collaboratively, including at a distance, to support individual learning and contribute to the learning of others.	a. Interact, collaborate, and publish with peers, experts, or others employing a variety of digital environments and media.	Mastery of tools in Microsoft Office Suite (Word, Excel, PowerPoint, Publisher) Mastery of tools in Google Apps for Education (GAPE) (P.E.) Portfolio skills: Ability to recognize "best work", and build a portfolio using technology. The student will be able to compose a unique cloud presentation that reflects the students' best work in art through a self-reflective process. Ability to distinguish between credible and non-credible sources Website design: coding			

Technology Curriculum Rubric

- This was created 2015-16

Technology Integration Assessment Rubric¹²³

<u>Criteria</u>	<u>4</u>	<u>3</u>	<u>2</u>	<u>1</u>
Curriculum Goals & Technologies (Curriculum-based technology use)	Technologies selected for use in the instructional plan are <u>strongly aligned</u> with one or more curriculum goals.	Technologies selected for use in the instructional plan are <u>aligned</u> with one or more curriculum goals.	Technologies selected for use in the instructional plan are <u>partially aligned</u> with one or more curriculum goals.	Technologies selected for use in the instructional plan are <u>not aligned</u> with any curriculum goals.
Instructional Strategies & Technologies (Using technology in teaching/ learning)	Technology use <u>optimally supports</u> instructional strategies.	Technology use <u>supports</u> instructional strategies.	Technology use <u>minimally supports</u> instructional strategies.	Technology use <u>does not support</u> instructional strategies.
Technology Selection(s) (Compatibility with curriculum goals & instructional strategies)	Technology selection(s) are <u>exemplary</u> , given curriculum goal(s) and instructional strategies.	Technology selection(s) are <u>appropriate, but not exemplary</u> , given curriculum goal(s) and instructional strategies.	Technology selection(s) are <u>marginally appropriate</u> , given curriculum goal(s) and instructional strategies.	Technology selection(s) are <u>inappropriate</u> , given curriculum goal(s) and instructional strategies.
“Fit” (Content, pedagogy and technology together)	Content, instructional strategies and technology <u>fit together strongly</u> within the instructional plan.	Content, instructional strategies and technology <u>fit together</u> within the instructional plan.	Content, instructional strategies and technology <u>fit together somewhat</u> within the instructional plan.	Content, instructional strategies and technology <u>do not fit together</u> within the instructional plan.

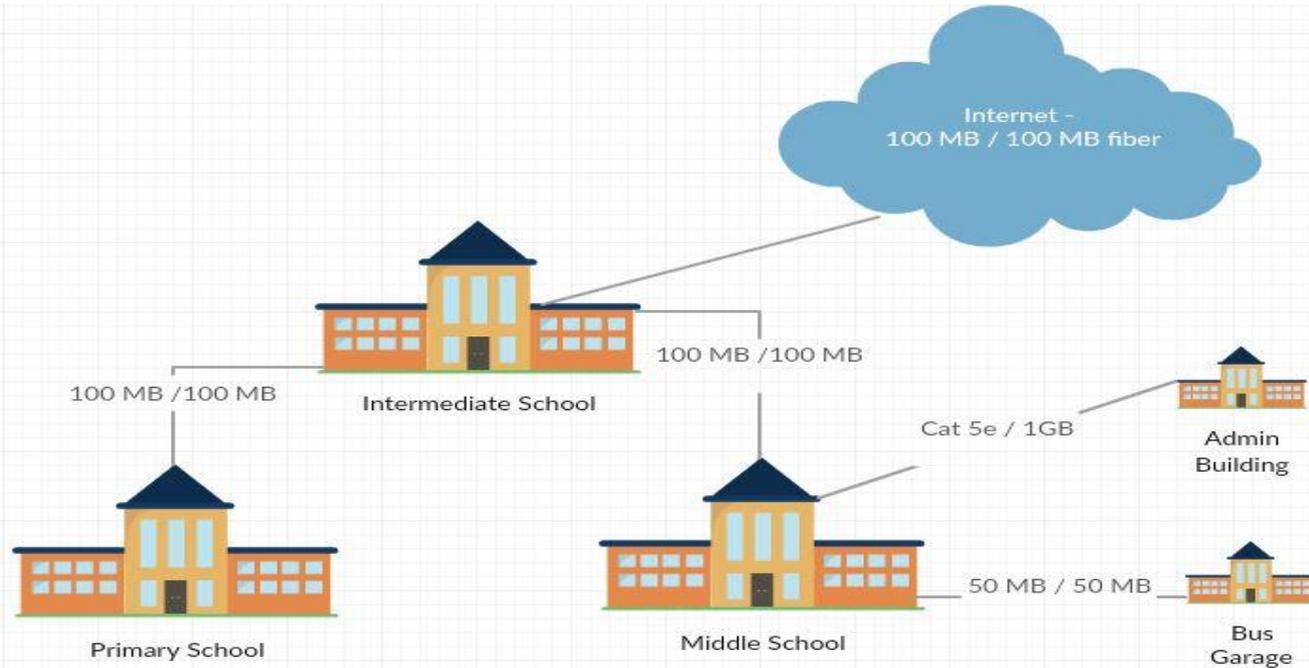

Technology Network Overview

Westchester School District 92 ½

5 network locations connected via Comcast fiber 100MB (up/down) and Cat 5e

- Intermediate School connected to Internet via fiber 100MB
- Middle School connected to Intermediate School via fiber - 100MB
- Primary School connected to Intermediate School via fiber - 100MB
- Bus Garage connected to Middle School via fiber - 50MB
- Admin building connected to Middle School via Cat 5e - 1GB

English Language Learners Programming

Diversity of Westchester Students

Languages Served

English Language Learners

Transitional Bilingual Program (TBE)

- An attendance center with an enrollment of 20 or more English learners of the same language classification the school district must establish a transitional bilingual education (TBE) program for each language classification represented by those students

Transitional Program of Instruction (TPI)

- Offered to students who speak all other languages
- ESL instruction
- Must have native language support if within a building that houses 20 or more students from the same language group

Current Program Model

For 2017-18 school year need to implement a Spanish bilingual component (both a part-time model and a full-time model) at WPS and WIS due to more than 20 students of one language in the building. Those who just receive ESL must have native language support made available to them.

- 35 students at WPS (K-2) - receive pull out ESL services only for 20 minutes per day. Students who speak Spanish qualify for a full-time Transitional Bilingual Program or a part-time Transitional Bilingual Program. 15 more preschool ESL students
- 47 students at WIS - some receive ESL service from the classroom teacher, some receive ESL pull-out from the ESL teacher, some receive ESL pull-out and Bilingual pull-out from the ESL/Bil teacher.
- 8 students at WMS - all receive push-in service and 1 receives pull-out services English only no bilingual instruction only Spanish translation if needed

TBE Part-time Placement Criteria for Kindergarten and Grades 1-12

The student's English language proficiency (ELP) level on either the screener or the ACCESS for ELLs® falls within the following range:

Grade Level	Part-time English Language Proficiency Range
Kindergarten - First semester	4.0 and above oral language composite proficiency level on the MODEL™, but not English proficient*
Kindergarten - Second semester through 1 st Grade – First semester	3.5 and above literacy composite proficiency level on the MODEL™ or the ACCESS for ELLs® but not English proficient*
First Grade – Second semester through 12 th Grade	3.5 and above literacy composite proficiency level on the W-APT™ or the ACCESS for ELLs® but not English proficient*

Effective January 1, 2014:

*A student who has not met the [state English proficiency definition](http://www.isbe.net/bilingual) (available at www.isbe.net/bilingual) is an English learner (EL).

What is Full-Time TBE?

Full-Time Transitional Bilingual Education requires:

- Content area instruction: – Instruction in both English and native language for ALL core academic subjects at school (language arts, math, science, and social studies) – Instruction in the history and culture of the country, territory, or a geographic area which is the native land of the students or of their parents and in the history and culture of the United States
- English as a Second Language (ESL)

What is Part-Time TBE?

Part-Time Transitional Bilingual Education requires:

- Content area instruction: – Components of a full-time program that are selected for a particular student based upon an assessment of the student's educational needs. – Parts of the full-time program are provided to ELs according to students' needs. – Daily instruction in English and in the home language as determined by student's needs.
- English as a Second Language (ESL)

Why we need to change our program...

Based on ACCESS scores from 2016 we have about 30 or more students from WIS and WPS who need a full time Transitional Bilingual Program (TBE) placement.

- 14 of the 30 are current first grade students that are not receiving any bilingual instruction.
 - 9 of the 30 are second grade students who are not receiving bilingual instruction.
 - The others are at WIS and some are receiving bilingual support with ESL instruction.
 - This does not include any kindergarten students since data was utilized from the state ACCESS test given last year.
-
- We currently have 10 kindergarten ESL students (6 are Spanish speakers).
 - We currently have 15 ESL students in our preschool programs with 11 of them being Spanish speakers.

Education Committee

Has explored Dual Language as a model to better meet the needs of our Spanish speaking population.

- Only service a small percentage of English speaking students

Has explored a FLES (Foreign Language in Elementary School) programming to offer foreign language to all students.

April 12th will have a parent information meeting about Dual Language at 6PM at WPS.

8th Grade	4 points growth	6 points growth	-----	-----

Before & After School Interventions

- Approximately 10 students per grade level are chosen to participate in before or after school interventions (5 for math and 5 for reading).
- Students are chosen based on test scores and input from classroom teachers and interventionists.
- Students are initially identified as candidates for before and after school interventions by looking at students whose MAP test scores fall just below the grade level cut scores set forth by NWEA.
- Concepts covered during intervention time are based on data gathered from test scores and teacher/interventionist observations.

Growth of Intervention Students Before/After the School Day - Average Growth 2017

Grade Level	Reading	Math
1st Grade	12 point growth	24 point growth
2nd Grade	12 point growth	15 point growth
3rd Grade	Program in progress	8.3 point growth
4th Grade	Program in progress	8.9 point growth
5th Grade	Program in progress	4.2 point growth
6th Grade	1 point growth	6 points growth
7th Grade	6 points growth	2 points growth
8th Grade	1 point growth	-----

Programs for Preschool Children

The Earlier the Intervention, the Better

- ❑ **The mission of Illinois' Early Intervention is to assure that families who have infants and toddlers, birth to three, with diagnosed disabilities, developmental delays or substantial risk of significant delays receive resources and supports that assist them in maximizing their child's development.**
- ❑ **Since July 2016, approximately 16 children who live within the Westchester School District have turned 3 and have either been released from EI services or have had transition meetings to discuss whether or not they will be evaluated for Special Education services.**

Preschool Screenings

- ❑ Screenings are conducted 3 times a year for children ages 3-5.
- ❑ The screening tool that is used is designed to identify young children who need further testing or who need help with academic skills. The tests include a child's motor skills (skipping, jumping, cutting, writing), conceptual skills (knowledge of colors, counting), and language skills (knowledge of letters and words, ability to solve problems).
- ❑ The skills measured are proven to help predict a child's success in the classroom.
- ❑ The screener provides scores that show how the child's developmental skills compare with those of a national norm group.
- ❑ The results of the screener may indicate the need for a complete evaluation.

The Evaluation for Special Education

- ❑ **An evaluation is the beginning step in the Special Education process for a child with a suspected disability.**
- ❑ **Before a child can receive special education and related services for the first time, an individual evaluation of the child must be conducted to see if the child has a disability and is eligible for special education and related services.**
- ❑ **Approximately 15 of the children transitioning from EI services have been found to have disabilities. The children typically qualify under the disabilities of Developmental Disability or Speech and Language Impairment.**

Continuum of Services

When children qualify for Special Education services, the continuum of services, which identifies various service delivery models the district offers is discussed.

The delivery models for Preschool students include:

- ❑ Drop in Speech services - 6 Students
- ❑ Preschool for All Program - 39 Students
- ❑ Early Childhood Special Education - 24 Students

Special Education for Students in Grades K-8

Classrooms and Services Within the District

- ❑ There are currently 5 “Self-Contained” special education classrooms throughout the district. This number will change to 6 for the next school year!
- ❑ Each grade has a Resource/Intervention Teacher who pulls students out or pushes into the general education classrooms to work with students who have IEPs.
- ❑ There are currently 2 full-time district and 2 part-time SLPs. This number will be changed to 3 full-time SLPs next year.
- ❑ There are currently 3 full-time Social Workers.
- ❑ The School Psychologist, Occupational Therapists and Physical Therapist are purchased through LADSE.

LADSE Multi-District Programs

- ❑ **Multi-Needs classrooms-** We began the year with 6 students attending programs in Darien, Brookfield and Clarendon Hills. One of the students returned to WMS.
- ❑ **CD (Communication Development)-** 10 students are currently attending programs in Lyons, Brookfield and Western Springs.
- ❑ **ED (Emotional Disability -** We began the year with 6 students attending programs in Westchester and Lyons. One of the students slowly transitioned back to WMS.
- ❑ **Phonological Program-** We began the year with 4 students attending the program in Western Springs. 2 students were exited from the program but 2 more students were recently added.

Therapeutic Day Schools

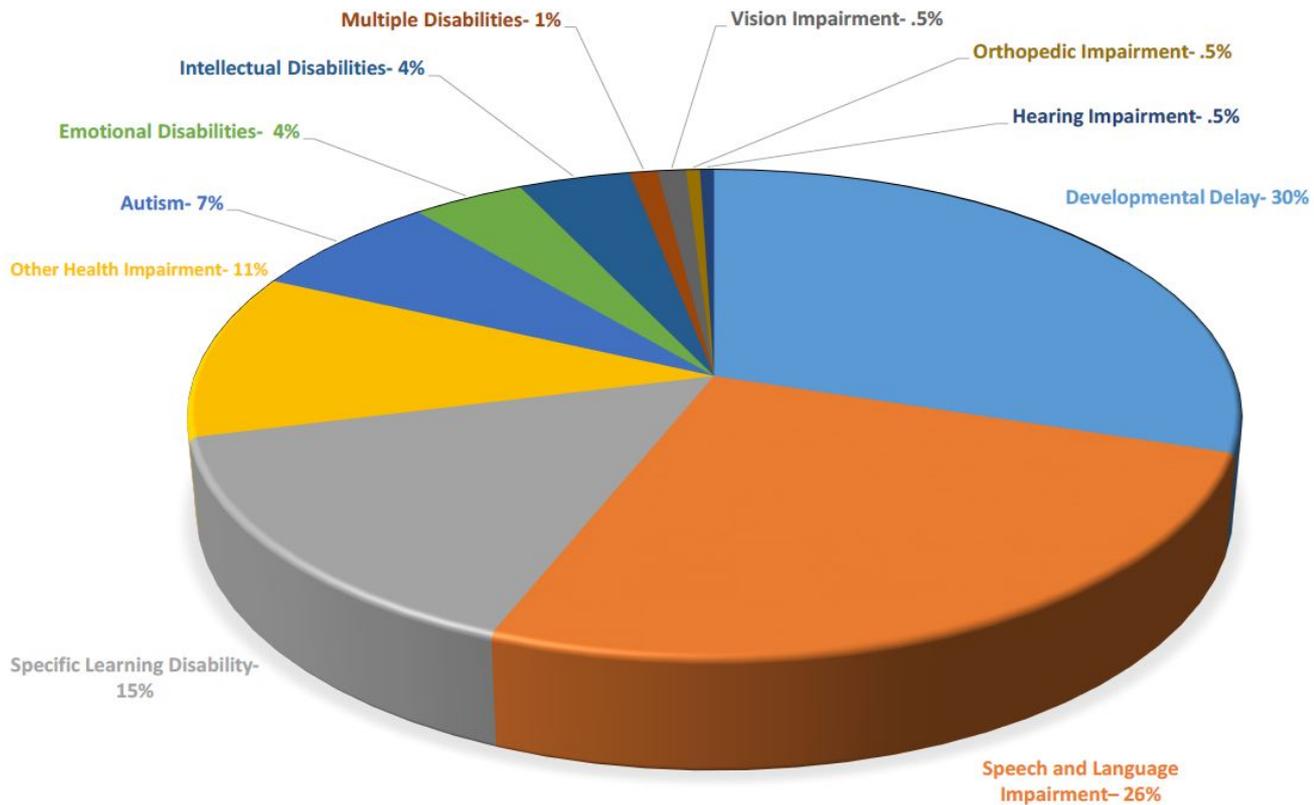

We began the year with 7 of our students enrolled in therapeutic day schools. One of our students was brought back and began at WMS. Two students were placed in therapeutic facilities during the year. There are currently 8 students in therapeutic day schools which include:

- ❑ Helping Hands, Countryside
- ❑ SEAL, Lombard
- ❑ Elim Christian School, Palos Heights
- ❑ Soaring Eagle, Lombard
- ❑ Laureate Day School, Arlington Heights

Students with Disabilities

- ❑ **Approximately 18% of students in PreK-8th grade have been identified as students with disabilities.**
- ❑ **Over half of the students identified with disabilities fall into one of two disability categories: Developmental Delay and Speech and Language Impairment.**

Disability Categories

Least Restrictive Environment

- ❑ LRE is part of the IDEA. IDEA says that children who receive **special education** should learn in the least restrictive environment. This means they should spend as much time as possible with peers who do not receive special education.
- ❑ LRE is always considered when developing students' IEPs (Individualized Educational Plans). Special classes, separate schools or removal from the general education class should only happen when a student's "disability" under IDEA is so severe that supplementary aids and services can't provide him/her with an appropriate education.

Transportation of Students with Disabilities

A child's IEP team, which includes the parents, decides whether a child needs transportation services. This decision is based on whether or not the child's disability prevents him or her from using the same transportation as children who don't have disabilities and who are unable to go to and from school in the same way as children who do not have disabilities.

Most of the students in the district who qualify for special transportation, including many who attend LADSE programs, are transported by the district.

Grand Prairie Transportation, contracted through LADSE, transports some of the students in LADSE programs and all of the students in therapeutic placements.

Fountas & Pinnell Benchmarking

What is Fountas & Pinnell Benchmarking?

Fountas and Pinnell is used to determine student's independent and instructional reading levels, teachers are able to observe student reading behaviors one-on-one, engage in comprehension conversations that go beyond retelling, and make informed decisions that connect assessment to instruction.

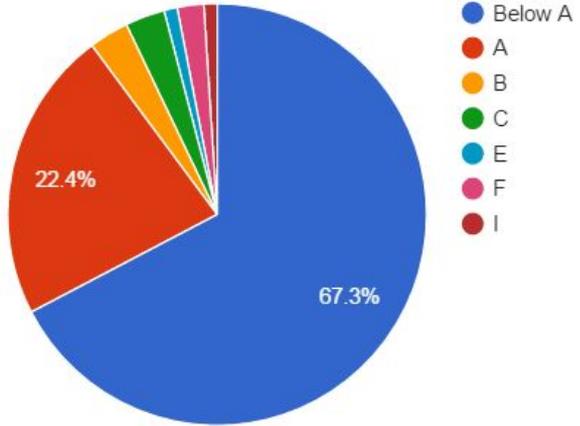

Fountas & Pinnell Literacy Elevating Teacher Expertise

Who is Tested? When?

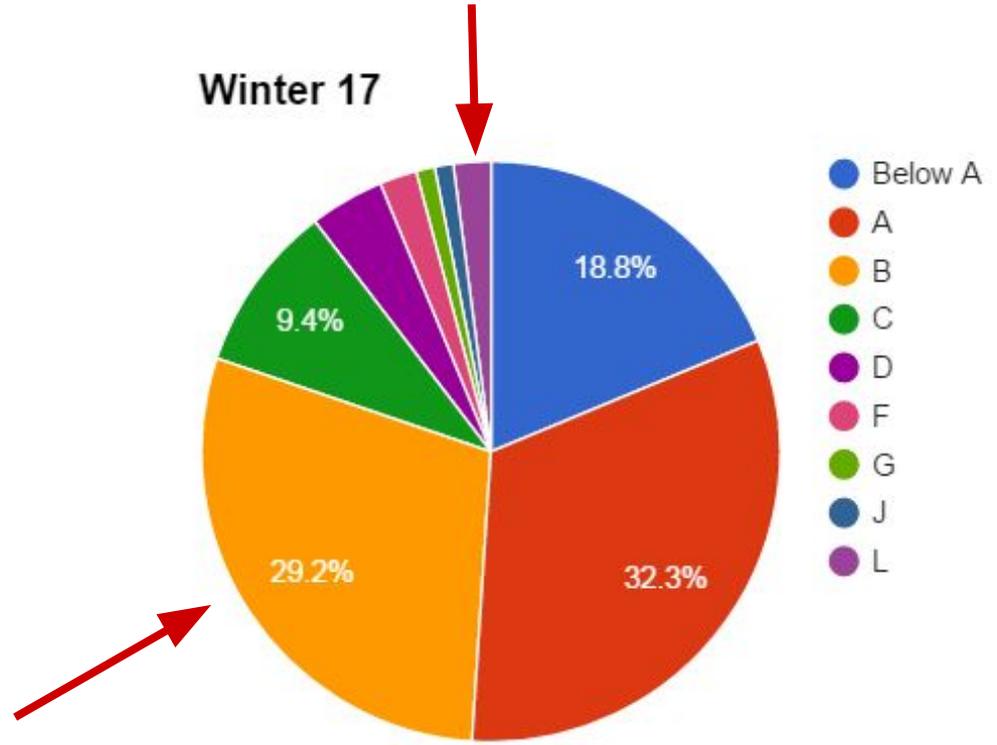

- **WPS and WIS:** *All* students are tested in the fall and spring. All Tier 2 and Tier 3 students, students with an IEP in reading, and all students that have not met the winter expectation are tested in the winter. Some teachers test all their students to get current reading levels in the winter, but not all.
- **WMS:** *All* students are tested in the fall and spring. All Tier 2 and Tier 3 students, and students with an IEP in reading are tested in the winter.

AIMSweb

Assessment - AIMSweb

- **AIMSweb is an assessment, data management, and reporting system for grades kindergarten through 12. AIMSweb supports tiered assessment and instruction (e.g., Response to Intervention [RTI]).**
- **It provides brief, nationally normed assessment instruments for universal screening and progress monitoring in reading, language arts, mathematics, and behavior.**

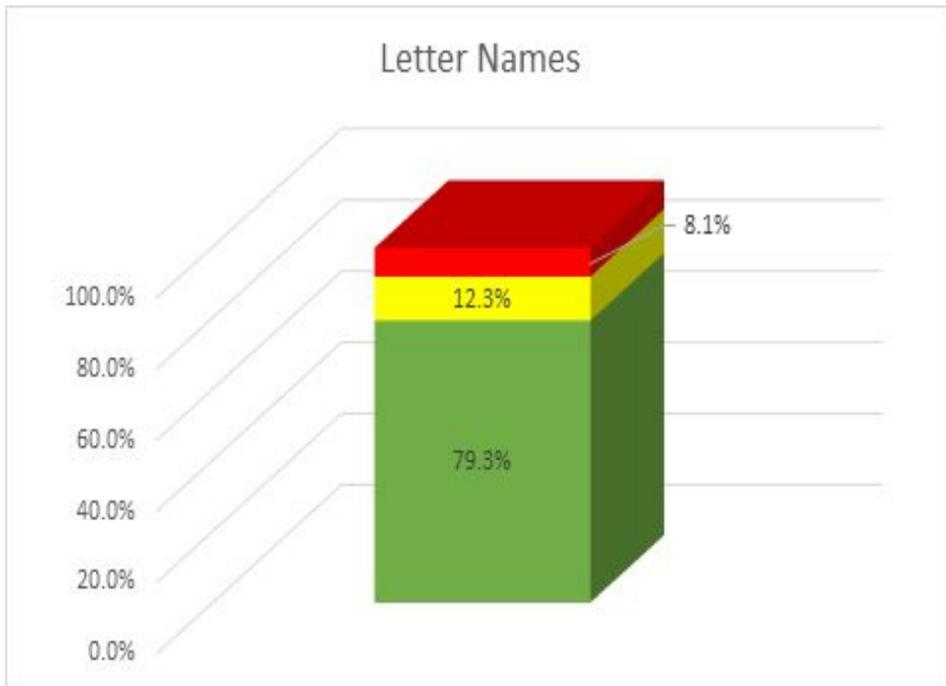

Assessment - AIMSweb

The assessments that are used in the district are:

- R-CBM (Reading-Curriculum Based Measurement)
- M-COMP (Mathematics computation)
- M-CAP (Mathematics application)
- OCM (Oral Counting)
- NIM (Number Identification)

PARCC Data & Information

(Partnership for Assessment of Readiness for College and Careers)

Who is tested? When do we do PARCC testing?

All 3rd through 8th grade students are tested. First year of testing was 2014-15. The 2016-17 is the third year of testing.

Our testing window is March 7th - April 7th, with all testing happening before spring break.

Testing units vary by grade level.

Testing Unit Time Per Grade

Grade	ELA	Math
3rd	Unit 1 - 90 mins Unit 2 - 75 mins Unit 3 - 90 mins	Unit 1 - 60 mins Unit 2 - 60 mins Unit 3 - 60 mins Unit 4 - 60 mins
4th & 5th grades	Unit 1 - 90 mins Unit 2 - 90 mins Unit 3 - 90 mins	Unit 1 - 60 mins Unit 2 - 60 mins Unit 3 - 60 mins Unit 4 - 60 mins
6th, 7th, & 8th grades	Unit 1 - 110 mins Unit 2 - 110 mins Unit 3 - 90 mins	Unit 1 - 80 mins Unit 2 - 80 mins Unit 3 - 80 mins

Review of PARCC Levels

Level 1 - Dark Orange Did not yet meet expectations	Level 2 - Light Orange Partially met expectations	Level 3 - Yellow Approached expectations	Level 4 - Light green Met expectations	Level 5 - Dark Green Exceeded expectations
---	--	---	---	---

Students who met or exceeded expectations are likely to be on track for the next grade level and ultimately for college and career readiness.

Out-of-School Suspensions 2016-17 School Year

Two

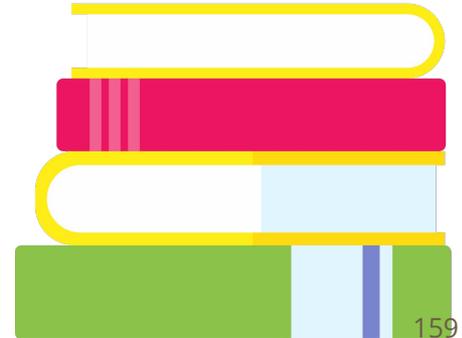

Senate Bill 100

— Exclusionary Discipline —

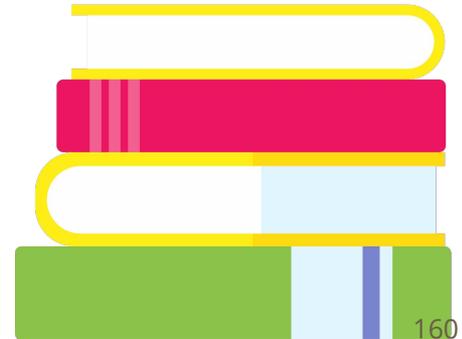

Summary

On August 24, 2015, Gov. Rauner signed SB 100, which won bipartisan support from state lawmakers. It was championed by students who argued that big changes would be necessary to drive down the use of exclusionary discipline and to reduce disproportionately high rates of discipline for students of color.

Summary

In pressing for policy change, advocates cited discipline rates in Chicago schools. Although black students represented 41.3 percent of the district's enrollment in the 2011-12 school year, they represented 69.3 percent of students who were suspended and 71 percent of students who were expelled, according to the most recent data available from the U.S. Department of Education's office for civil rights.

The Illinois General Assembly added the following language to the Illinois School Code which sets forth the rationale for the overhaul of Section 10-22.6 related to Illinois School District's use of exclusionary discipline:

-
- Among the many possible disciplinary interventions and consequences available to school officials, school exclusions, such as out-of-school suspensions and expulsions, are the most serious.
 - School officials shall limit the number and duration of expulsions and suspensions to the greatest extent practicable, and it is recommended that they use them only for legitimate educational purposes.
 - To ensure that students are not excluded from school unnecessarily, it is recommended that school officials consider forms of non-exclusionary discipline prior to using out-of-school suspensions or expulsions.

Out of School Suspensions (OSS) for Three Days or Less:

– May be used only if the student's continuing presence in school would pose:

- A threat to school safety; OR
- A disruption to other students' learning opportunities.

“shall be determined on a case-by-case basis by the school board or its designee.”

Out of School Suspensions (OSS) for Three Days or Less:

– School officials “shall make all reasonable efforts to resolve such threats, address such disruptions, and minimize the length of suspensions to the greatest extent practicable.”

Out of School Suspensions for:

- Four or More Days
- Expulsions
- Disciplinary Removals
to Alternative Schools

– May be used only if:

- Other appropriate and available behavior and disciplinary interventions have been exhausted; AND

- The student’s continuing presence in school would either:

- Pose a threat to the safety of other students, staff or members of the school community; OR

- Substantially disrupt, impede or interfere with the operation of the school.

Out of School Suspensions for:

- Four or More Days
- Expulsions
- Disciplinary Removals
to Alternative Schools

– Whether a student’s continuing presence in school would pose a “threat” or “substantial disruption” shall be determined on a case-by-case basis by school officials.

– The determination of whether “appropriate interventions” have been exhausted shall be made by school officials.

– School officials “shall make all reasonable efforts to resolve such threats...and minimize exclusion to the greatest extent practicable.”

Requirements Related to Missed Assignments

- Students who are suspended from school must have the opportunity to make up work for equivalent academic credit.

Specific Provisions

- School officials may not advise or encourage students to drop out voluntarily due to behavioral or academic difficulties.
- A student may not be issued a monetary fine or fee as a disciplinary consequence, though this shall not preclude requiring a student to provide restitution for lost, stolen, or damaged property.
- School boards may not institute “zero tolerance” discipline policies which require administrators to suspend or expel students for particular behaviors unless specifically required by federal or state law.

•Interventions are determined by School Officials and may include:

- Counseling (with a variety of options)
 - Restorative Measures
 - Character Education
 - Privilege Removal
 - Lunch Detention
 - Detention
 - 5:00 Detention
 - Alternative Learning Opportunities (ISS)
 - Others
-

Finance - Donations

Westchester Education Foundation

- Donated \$1,900 as part of the Adopt a Class program

Westchester Parents and Teachers for Children

- Donates to schools on a regular basis
- Funded the transportation for Camp WMS and Feed my Starving Children

Finance - Teacher Mini Grants

- **Meemic Foundation for the Future of Education**
 - **WMS - \$300.00**
 - **WPS - \$200.00**

Finance - eFinancePlus+

- **Eliminating as of June 1, 2017**
- **Cost savings of \$1,500 per month**
- **Expanding DCR (current general ledger system)**
 - **Electronic requisitions**
 - **Human resource management**
 - **More accurate encumbrances**
 - **Realtime information to users**
- **Maintain controls for activity account through Google Documents requisition form.**

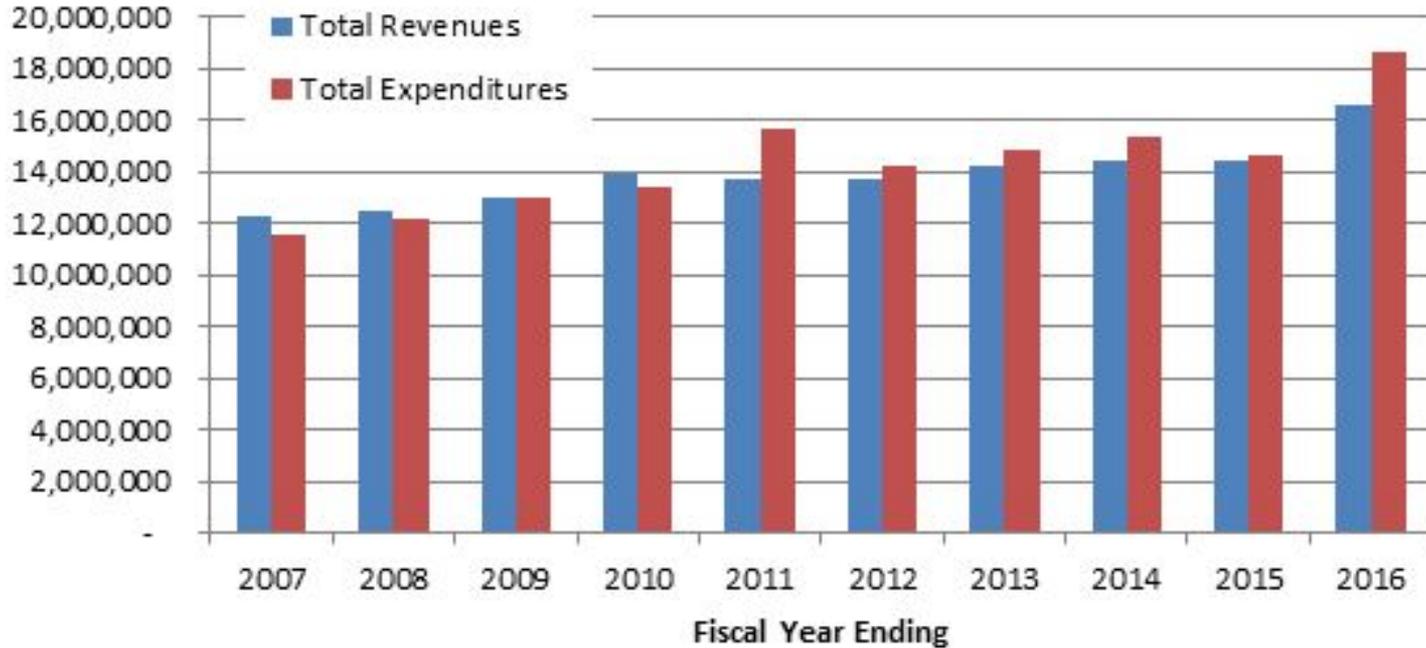

Finance - Title Grants (I,II,III)

	Awarded 2016-2017	Expensed Thru 2/28/2017
Title I	\$ 217,302.00	\$ 87,706.67
Title II	26,847.00	13,219.00
Title III	18,614.00	6,667.45
Total:	\$ 262,763.00	\$ 107,593.12

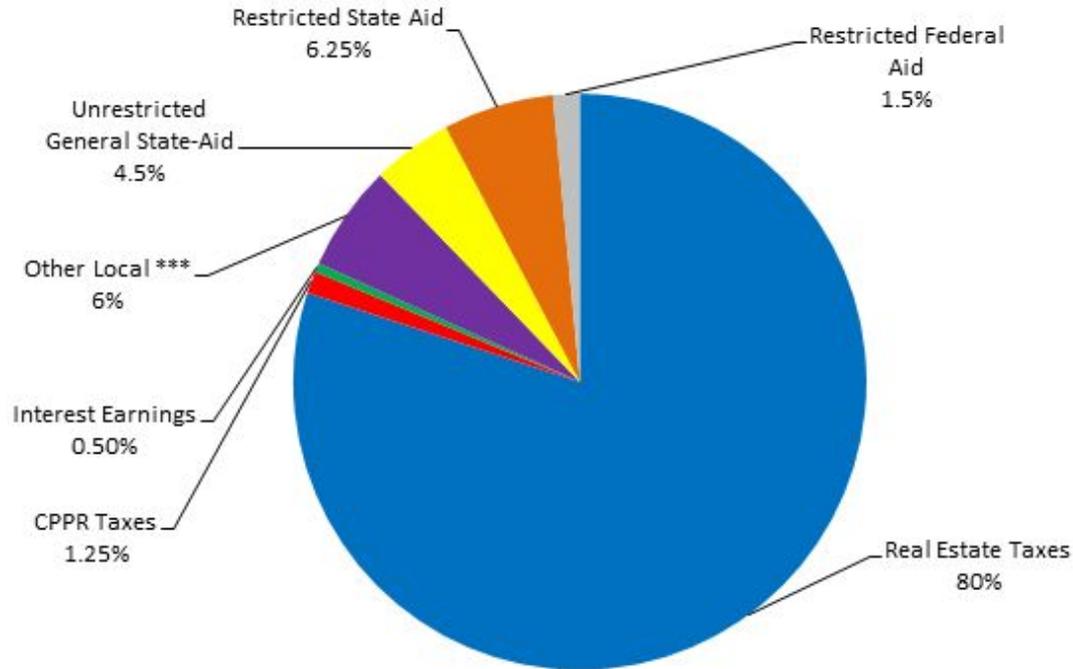

Revenue is received after expenditures are submitted for reimbursement.

Grant salaries are paid September 2016 through August 2017.

Buildings and Grounds - Summer 2017 Projects

- Lowering the height of urinals at WPS
- Security vestibules at all schools
 - Cabinetry work at WMS/WIS
- Replace sections of WIS roof
- Card access readers at all schools
- Improve sound acoustics in gym at WMS
- Remove/replace storefront window system in north stair tower at WMS

School Safety & Security -

- **Law Enforcement Drills (intruder drills) have been completed**
- **Schools continue to be part of the School Safety Information Sharing Program of the Statewide Terrorism & Intelligence Center (STIC)**
- **Stop Arm Violation Enforcement (S.A.V.E.) program -**
 - * **Centered on vehicles passing stopped bus actively picking up and dropping off children**
 - * **Random 'ride along' with a squad car trailing behind citing motorists in violation**
 - * **Social media to promote school safety and school bus stop arm awareness**
 - * **District school bus drivers also have an active part in the program**
- **Stop arm violations - Since August 22 reported w/4 warning letters (2015-16 school year 159 reported w/38 warning letters)**
- **Stop Arm Camera system - Not cost neutral; required a buy in at the District and Village level**

School Safety & Security -

1st Annual Safe Schools Meeting, January 12th 2017, Westchester Police Department -

- * Administrators/staff from area schools**
- * Opportunity to share information in safe school planning**
- * Included discussion-based tabletop exercises**
- * Involved key personnel discussing simulated scenarios**
- * Used to assess plans, policies, and procedures**

Strategic Action Plan -

Behind:

- * **EOP - Sections remain under development in addition to revising specific sections**
- * **Safety Committee - Need to define specific roles for staff**
- * **Implement and Train - Take place during the 2017-18 school year**

On Target:

Bullying

Sexual abuse prevention education; Erin's Law -

- **District social workers now trained in sexual abuse prevention**
- **Parent information night 4/14/2016**
- **Grades Pre-K - 8 through a partnership with Pillars**

Support at Building Level -

Presentations -

- * National Bullying Prevention Month
- * Red Ribbon Week
- * Unity Day Assembly
- * Veterans Day

Student Contact -

- * Visits with students
- * Brain Pop lunch reward program Primary School
- * Continue to investigate incidents of cyberbullying
- * One check for residency, one check for truancy

School Functions -

- * Continue as a presence at school functions
- * Traffic control for Middle School graduation and dances

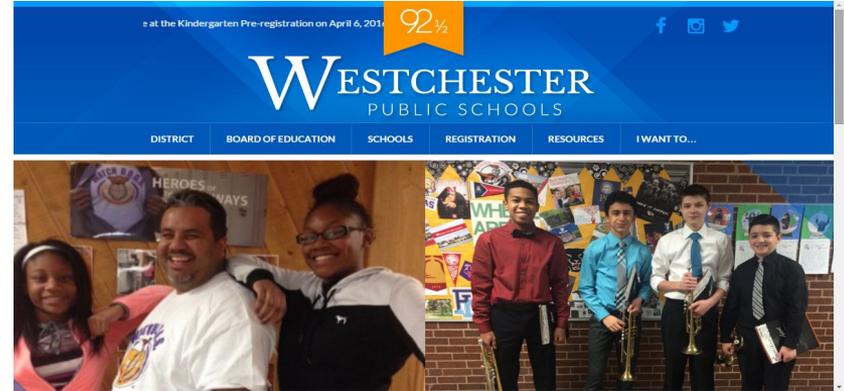

SRO Training -

- * July attended 3 day NASRO Advanced School Resource Officer Course
- * Certification from the Illinois Law Enforcement Training and Standards Board
- * TRIAD concept: Teacher/Guest Speaker; Informal Counselor; Law Enforcement Officer

Technology

- **New District Website launched Fall 2015**
- **Aesthetically streamlined to match the needs of the observer**
- **New & up-to-date features:**
 - Staff Directory of each school
 - District Report Cards
 - Links with pictures of the Superintendent and Board of Education
 - Curriculum and Instruction page
 - Transportation Changes with pictures and inviting set-up
 - Board of Education Development Training Identification
 - Persons of the Year Informational page
 - District and School Maps
 - Additional Freedom of Information notices
 - Links to Facebook of WPTC, WEF, and Parents Page
